

Hearing Self Assessment

*Improved hearing can dramatically
improve your quality of life!*

- Does it seem people mumble or speak in a softer voice recently?
- Do you sometimes miss key words in a sentence?
- Do you frequently need to ask people to repeat themselves?
- Do you have difficulty understanding people in a crowded room?
- Do you often turn the volume up on the TV or radio?
- Does background noise bother you?
- Is it sometimes hard to hear the conversation on the telephone?

If you check any of these boxes schedule a hearing test today!
